## ANTI COVID-19 KEY

Protect yourself - Protect others - Get back to work safely

### DOOR / WC OPENER AND MULTI-PURPOSE TOOL FOR PROTECTION FROM INFECTION

#### MADE IN SWITZERLAND

Here is our multi-purpose door opener, providing protection against Coronavirus. For example, you can use it to open doors or latches in public places...

This key is suitable for most touchscreens (90%), ticket machines/ATMs, market scales, and many more things.

Comes with a retractable keyring, for improved ergonomics, so that you can hang it up in a handy place.

Made from fully synthetic material. Thanks to its two elastomers, this accessory will not damage the material in contact. Easy to clean with soap and water.

#### Technical specifications:

- Synthetic material
- Retractable keyring
- Suitable for touchscreens

#### Size:

20 x 26 cm

#### Weight:

40 g

#### References:
